

Due to a high number of traffic fatalities, the SC Highway Patrol will be increasing their presence in Lancaster County in the next few weeks. There will be extra troopers on duty from other parts of the state, including motorcycle units. They will be focusing on areas that have had high crash rates.

The tragic truth is that 70% of people killed in SC vehicle accidents last year were not wearing their seat belts. Eighteen people were killed on the roads right here in Lancaster County and 13 of them were not restrained. This is the most simple thing that you can do to save your life.

Buckle up and stay safe.
