

Late last week, we saw thefts of golf clubs from the Indian Land area once again. These thefts had subsided for a couple of months, but they have began again. We had thefts from BridgeMill and Bel Air, both appeared to be from open garages. You cannot let your guard down on security. Keep garage doors closed and keep valuable items out of plain sight.

It looks like I may have overlooked a couple of reports this morning. There were also reports from Glen Laurel and Audubon Lakes. This was a fairly widespread area between these and Bel Air with BridgeMill in between. They are obviously not concentrating on neighborhoods but are just cruising around looking for open garages. Would you leave \$2,000 in cash laying out in your open garage? Treat your property like cash and be looking out for suspicious vehicles.
