

It has come to my attention that there have been some incidents in the Indian Land area of someone (not my first choice of words) shooting horses with paintball guns. I don't think any have been reported to us, but there has obviously been more than one incident from the e-mails I've received. I'm sure I don't need to speak on the unnecessary cruelty involved in this. If you observe any suspicious activity around pastures, please give us a call so we can catch these folks.
