

I wanted you folks to have this word from me rather than merely relying on the news reports. We did have a shooting incident last night involving two of our deputies. The subject is deceased and both deputies are fine. I can't say much else other than please keep these two young men in your thoughts and prayers as they deal with the associated stresses of this type of incident. It is times like these that we are most grateful for the support of folks like you all. I think George Orwell said it best: *"People sleep peaceably in their beds at night only because rough men stand ready to do violence on their behalf"*.
