

Good morning, I have attached several photos of two suspects who were involved in the robbery at the Wal-Mart and Harris Teeter located in Indian Land. If you can identify any of these suspects please contact the Sheriff's Office immediately. In both instances the suspect(s) enters the store and pushes a buggy around the store like he is shopping. He loaded the buggies with various shelf items. Also in both instances, the suspect(s) has on white in color shoes, noticeable sideburns and he tends to keep his hands pulled up in the sleeves of his shirt or jacket. However, in the both videos, at times he does appear to handle the buggy and other items while barehanded. In the Wal-Mart video he is seen putting on the white shirt over a black shirt while out in the parking lot. At some point he picked up a hat and put it on while in the store. The suspect(s) may be traveling in a dark in color Honda car (possibly black) with a possible out of State license plate (possibly New York or up State). The suspect(s) may be armed so if you see someone who matches the descriptions given above while you are shopping in a pharmacy you should not attempt to stop the subject(s). Please walk away and call 911 immediately.

Thanks,

Deputy Sam Funderburk, L.C.S.O.
